FOR THE LAST ELEVEN MONTHS.

We have sold EIGHTY WAGONS since September, 1879, and out of the Entire Let Not One Tire has been Loose, Not One Hub Band has been Loose, Not One Spoke has been Loose, Not One Thimble has been Loose,

Not One Wheel has Falled, Only One Axle Broke-That at Silver Reef-Cir-cumstances Unknown. Only One Tongue Broke-That Caused by a Runnway,

We are free to admit that the NEWTON WAGON COMPANY, in the year 1878, under-estimated the severity of our country and climate on wagons and sent us some defective material. We are just as bonest in believing that the wagons we have received in the years 1879 and 1880 are the best that have ever been sold in Utah of any one material. we have received in the years 1879 and 1880 are the next that the second of any one make.

Chicago, 28.—Tribune's Augusta.Me.:
Neal Dow, being interviewed, to-day, declared that he intended to vote for Garnleid fully residing that one of the two leading candidates for the presidency must be chosen. He says he was never a more stalwart republican than now. That to put a prohibition ticket into the field would simply aid Hancock, whose election he would regard as an overwholming disastor to the business prosperity new everywhere developing throughout the country. In the opinion of General Dow, every republican in the state who felt diseatisfied in any degree with Governor Davis, will support Garfield, working and voting for him. He judges that the vote for the prohibitory presidential electors in Maine, in this election, would be only to aid the enomines of prohibition. It would really, in his judgment, be distoyalty to prohibitionate to run a ticket for the benefit of Hancock or the solid south democrats.

Connecticut to be Carried.
Chicago, 28.—Hartford special: Facts ascertained to-day indicate that Barnum is preparing to make every effect to carry Connecticut. The democratic state central committee at New Jayen, on Saturday last, received from him \$25,000 in the form of a certificate of diposit, which was placed in one of the New Haven banks. Ex-Governor James E. The Prohibition France.

Chicago, 28—Hartford special: Facts ascertained to-day indicate that Barnum is preparing to make every effort to carry Connecticut. The democratic state control committee at New 1:ayen, on Saturday last, received from him \$25,000 in the form of a certificate of deposit, which was placed in one of the New Haven banks. Ex-Glovensor James E. English, democratic candidate for governor, matches this contribution with his own check for \$25,000. Republicans claim the effort indicate that Barnum feels certain as to other states, that bregards it as practically necessary that Connecticut's six electoral votes shall be secured. Another and quite as reasonable a theory, is that he is seeking to grind his own are, even if the national trived from Europe yesterday, not is at the Clarendon Hotel.

SUPERVISORS' DUTIES.

They are to be Passed Upon by a U. S. Judge.

Chicago, 28.—The case of United.

At a meeting of the Dublin diocesim sprod, a resolution was passed urging of the case of united.

they are to be Passed Upon by a U.S. Judge.

Chicago, 2S.—The case of United States Supervisor Feed, Geistor, arrosted at the place of registration, yesterday, by a city policeman, was before Judge Drummond, in the United States circuit court, this morning. Judge Drummond received his decision as to the fact whether the supervisor was in charge of his duty whon arrested, until next Starday, when the case will be fally signed before him. He laid down the law in the general subject involved however, and then released Geister without boil. He held that the United States laws appointing and regulating the action of supervisors at an election for representatives in Congress are in full force and binding upon all state and city officials, no matter whether such election be held under the state laws or not; that a supervisor in the discharge of his duty under these laws, then the general courts had the rightto inquiry into the facts and to pass judgmeet upon them. Much interest is manifested in this deci inc, art it considered a test, which will deformine the status of supervisors in the country, and his decision is highly graiffying to republicans.
